

Sign Up for e-Delivery

Energen Credit Union now offers electronic delivery of statements and other member related materials. This service is a more efficient and convenient way for you to receive documents that are currently printed and mailed.

As an e-Delivery subscriber, you will be notified by e-mail when member related materials become available on the secured-documents hosting website. For security purposes, the notification e-mail will not contain any of your personal identifying information nor any hyperlinks that redirect you to another website.

As an e-Delivery subscriber, you will be able to simply login to the secured-documents hosting website, click on the eDocuments link, and click on the documents you wish to view.

The Benefits of e-Delivery!

More Timely

Member related materials are delivered sooner than paper copies and you can view the documents from any computer with an Internet connection. No more waiting for the postal delivery!

Member related materials are stored online for 3 – 12 months and, if you wish, you can save the documents to your computer for personal record retention.

Environmentally Friendly

Electronic delivery of member related materials saves paper and other natural resources.

Cost Effective

Both you and Energen Credit Union can benefit from the cost savings associated to the paper, envelopes, manpower and postage requirements associated to the traditional delivery of member related materials.
